Training Center (CAETC)**

**BUPRENORPHINE AND
OFFICE-BASED TREATMENT
OF OPIOID
DEPENDENCE**

**SATURDAY, JUNE 12, 2004
7:00 AM - 5:30 PM**

OMNI NEW HAVEN HOTEL AT YALE
155 Temple Street
New Haven, Connecticut

Physicians who complete this course will be eligible to
request a waiver to practice medication-assisted addiction
therapy with Buprenorphine, for the treatment of
opioid dependence.

www.samhsa.gov | www.asam.org |
www.buprenorphine.samhsa.gov

PROGRAM GOALS & OBJECTIVES

After participating in this course, participants should be
better able to describe:

- The prerequisites for a physician to begin to prescribe
buprenorphine in office-based practice
- The clinically relevant pharmacological characteristics
of buprenorphine
- Factors to consider in determining if a patient is an
appropriate candidate for office-based treatment
- Induction and maintenance protocols
- Strategies for integrating psychosocial care with
office-based pharmacological treatment
- Treatment strategies for management of chronic and
acute pain in patients in maintenance treatment for
opioid dependence

The Drug Addiction Treatment Act of 2000 (PL106-
310, Section 3502) permits physicians who are trained
or experienced in opioid addiction treatment to obtain
waivers to prescribe certain narcotic drugs in Schedule III,
IV, or V of the Controlled Substances Act, in their office
practices or in a clinic setting, for the treatment of opioid
dependence. Both buprenorphine and the combination
of buprenorphine with naloxone are approved by FDA for
use in detoxification and maintenance treatment of opioid
dependence.

Physicians are qualified if they are certified in Addiction
Medicine or Addiction Psychiatry. As part of the
requirements to obtain the waiver, physicians not otherwise
qualified must complete not less than 8 hours of training.
Physicians who complete this 8-hour course will meet the
training qualification under the new law and will receive a
certificate of attendance suitable to send to the Secretary
of HHS along with the request for the waiver. If you give
ASAM permission to do so, ASAM will report your name
directly to the Secretary of HHS within 4 weeks of the
program, if you have attended the full 8 hours, eliminating
the need for you to send the certificate of attendance.

**Because ASAM will be called upon to confirm that
participants have attended a full 8 hours, you must
bring a photo identification to show as part of the sign-
in process; you must confirm your attendance with your
signature at the beginning of both the morning and
the afternoon sessions; and you must sign out at the
conclusion of the program.**

Certificates of attendance will be mailed to you within
4 weeks of the program. Note that latecomers will not
be eligible for a certificate of attendance if ASAM cannot
confirm 8 hours of attendance.

PROGRAM OVERVIEW

WHO SHOULD ATTEND

This program is recommended for physicians with
experience and/or interest in treating opioid dependence.
This program is also recommended for primary care,
psychiatric, HIV and addiction medicine physicians.

CONTINUING MEDICAL EDUCATION CREDIT

The American Society of Addiction Medicine is accredited
by the Accreditation Council for Continuing Medical
Education to provide continuing medical education
for physicians.

The American Society of Addiction Medicine (ASAM)
designates this continuing medical education activity
for up to 8 hours in Category 1 credit towards the AMA
Physician's Recognition Award. Each physician should
claim only those hours of credit that he/she actually
spent in the educational activity.

Supported by an unrestricted continuing medical education
grant provided by Reckitt Benckiser.

PROGRAM REGISTRATION

YOU MAY REGISTER BY CALLING 888-Doc-Opt-In (888-362-6784).
